

# Sage SalesLogix Today

## Overview

Sage SalesLogix Today recognizes that growing businesses need more than just software to be successful in using CRM to manage their sales, marketing, and customer service processes. Sage SalesLogix Today **encompasses all facets of your CRM initiative**—robust and flexible CRM software, reliable hardware with disaster recovery and nightly backup, professional implementation services, user training, customer support, and flexible payment options.

### Full-featured CRM

Award-winning Sage SalesLogix provides a complete view of customer interactions across sales, marketing, customer service, and support so your teams can collaborate and respond promptly and knowledgeably to opportunities and customer inquiries. With flexible access options, powerful process automation capabilities, and a highly customizable platform, Sage SalesLogix is a comprehensive CRM solution that will help you achieve greater sales, enhance customer satisfaction, and take your business to the next level.

## BENEFITS SNAPSHOT

### Comprehensive CRM solution

including software, hardware, implementation services, user training, system monitoring, and nightly backups.

### Multiple deployment options

so you can safely run Sage SalesLogix at your site, or host it with Sage.

### Turnkey business solution

with minimal IT resources required. Automatic disaster recovery and business continuity assurance are included<sup>1</sup>.

**Up and running quickly** with one-on-one guidance and support.

### Flexible, affordable payment options

so you can choose the terms that fit your business needs. One price gets you everything.

## Up and Running Quickly

Sage SalesLogix Today is implemented by our CRM specialists on the day of your scheduled appointment, so your users can log in and begin using their new CRM system quickly.

## Payment Flexibility (starting as low as \$51 per month per user)

Why pay monthly hosting fees indefinitely when you can own—for less! Choose the payment option that makes sense for your business. Pay upfront or pay monthly. And best of all, **you own the solution.**

## Reduced IT Burden

Sage SalesLogix Today provides a complete delivery and implementation bundle that reduces the burden on your IT personnel, freeing them to focus on higher value activities that add to the company's bottom line.

## One-on-One Support and Guidance

Sage SalesLogix Today aligns your business with an experienced, dedicated CRM specialist who partners with you through the CRM implementation process, covering every detail step-by-step to ensure a smooth and successful experience. After the implementation, our highly trained specialists are there to support you as your company grows or your requirements change.

## Seamless Migration Options for ACT! and GoldMine

Sage SalesLogix Today offers migration options for companies that use ACT! by Sage and GoldMine. Reduce the complexity and costs of migrating customer data into Sage SalesLogix Today and ensure the integrity of your customer information.
